Mr. Marion W. Boggs
Acting Executive Secretary
National Security Council
Executive Office Building
Washington 25, D. C.

Dear Mr. Boggs:

I understand that copies of the staff papers of the President's Committee on Information Activities Abroad, of which Mr. Mansfield D. Sprague was the chairman, have been distributed to the Departments of State and Defense, to USIA and the Bureau of the Budget, as well as to CIA. Certain of these pamphlets contain statements, the revelation of which to unauthorized individuals could be seriously prejudicial to the interests and activities of this Agency. Accordingly, I should greatly appreciate it if you would request the Secretary of State, the Secretary of Defense, and the Directors of USIA and the Bureau of the Budget to limit distribution of the staff papers listed below to persons in their respective departments and agencies who are authorized access, on a need-to-know basis, to information concerning operational activities of this Agency.

The staff papers containing information relevant to the security of the activities of this Agency are as follows:

PCIAA 1
PCIAA 2
PCIAA 8
PCIAA 11

PCIAA 14
PCIAA 17
PCIAA 30
PCIAA 31

PCIAA 34

PCIAA 37

Although not of immediate security concern to this Agency, it occurs to me that other agencies or departments of the Government may be interested in limiting the distribution of the following papers:

13/
